

Glitch Effect for Text or Logo

1. Open **Object-Reflection-Project-File-CS5.5.aep** file;
2. Locate and double click on “**!!Place-Your-Object-Here!!**” composition in layers window:

3. Place your logo or text inside “**!!Place-Your-Object-Here!!**” composition. Use align panel to align horizontally. Make sure **Show Rulers** option is on. If not, go to: **View/Show Rulers**. Place your logo or text above horizontal Ruler line.

4. Render animation.
